AgriNext

AgriNext project aims to create a learning environment that responds to the skill demand in the job market in the field of Multifunctional Agriculture.

Objectives

- Development of Guidance service model (GSM) that continuously responds to the rapidly changing needs on the job market;
- Integration of systematic changes on national levels for flexibilisation and responsiveness of the school system;
- Empowerment of teachers for a fast response to the job market demand;
- Establishment of a collaboration system for continuous exchange between employers, teachers, trainers (skills ecosystem);
- Creating a physical and virtual environment for interaction, demonstration, development, and individualisation;
- Promoting rural development and vitality, presenting opportunities of multifunctional agriculture;
- Increasing digital competences amongst students and teachers.

Project duration:
1 June 2022 – 31 May 2026

EU grant:
€ 2.553.260

Lead Organisation:
Biotehniški Center Naklo, Slovenia
